**INFORMATION DISCLOSURE STATEMENT**

Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Sir:

Applicants submit herewith information which they believe may be material to examination of this Application, in respect of which there may be a duty to disclose in accordance with 37 C.F.R. §§ 1.56 and 1.97.

While this Information Disclosure Statement may be material pursuant to 37 C.F.R. § 1.56, it does not constitute an admission that the information referred to therein is "prior art" to Applicants' invention unless designated as such.

In accordance with 37 C.F.R. § 1.97, the filing of this Statement shall not be construed to be an admission that the information attached to this Statement is, or is considered to be, material to patentability as defined in 37 C.F.R. § 1.56.

By this submission, Applicants also do not represent that a search has been made nor that better art does not exist.

Applicants reserve the right to contend, as appropriate, that any information asserted against any claim(s) of the captioned Application is not “prior art” according to the facts and the law.

Applicants further reserve the right to present appropriate arguments and/or evidence to establish patentability over such information, should any citation listed below be applied against any claim(s) of the captioned Application.

Applicants respectfully request that the Examiner, after considering the information set forth below, independently determine those citations which the Examiner would consider to be the most pertinent.

Copies of the following citations are submitted along with PTO Form-1449.

Tsui, U.S. Patent No. 6,243,000, issued June 5, 2001: is directed to a wireless rolling code security system.

Valiulis, U.S. Patent No. 6,005,476, issued December 21, 1999: discloses an electronic identification, control, and security system for consumer electronics and the like.

Kaihatsu, U.S. Patent No. 5,898,386, issued April 27, 1999: concerns an electronic appliance system, electronic appliance and remote controller.

Ivie et al., U.S. Patent No. 5,815,086, issued September 29, 1998: relates to an automated appliance control system.

It is requested that the above be made of record in this Application.

Respectfully submitted,

Dated: June 24, 2005

I hereby certify that this correspondence is being deposited with the United States Postal Service as First Class Mail, in an envelope with sufficient postage addressed to: Commissioner for Patents, P.O. Box 1450, Alexandria, VA 22313-1450 on June 24, 2005
